

FHNO Fellowship (Oral oncology / Head & Neck)

SUGGESTED LIST OF PROCEDURES with coding	
ORAL CAVITY	
1o . Incisional biopsy	
2 o. Excisional biopsy	
3 o. Laser resection of oral lesion	
4 o. Mandibulotomy	
5o. Buccal space resection	
6o. Lip resection	
7o. Commissureplasty	
8o .Glossectomy (less than 50 %)	
9o. Glossectomy (greater than 50%)	
10o. Palatotomy	
11o. Jaw tumour excision	
12o. Floor of Mouth resection	
13o. Upper Alveolectomy	
14o .Mandible curettage	
15o .Mandibulectomy (marginal)	
16o. Composite Resection/ Segmental Mandibulectomy	
17o. Other Major Surgeries	
18o. Other Minor Surgeries	
OROPHARYNX	
1p. Radical Tonsillectomy	
2p. TORS Lateral Oropharyngectomy	

3p. TORS Parapharyngeal Tumour Excision
4p. TORS Base of Tongue Resection
5p. Base of Tongue Resection
6p. Transoral parapharyngeal space tumor excision
7p. Pharyngoplasty
8p Other Major Surgeries
9p. Other Minor Surgeries
LARYNX
1L. Open partial Laryngectomy
2L. Total Laryngectomy
3L. Total Laryngopharyngectomy
4L. Transoral Laser Surgery of larynx
5L. Endoscopic Airway Procedure for decannulation
6L .Corpectomy (Types I and II)
7L Corpectomy (Types III and higher)
8L .Supracricoid laryngectomy
9L. Near total laryngectomy
10L. Total Laryngopharyngoesophagectomy
11L .Cricohyoidopexy (CHP)
12L . Cricohyoidoepiglottopexy (CHEP)
13L. Laryngofissure
14L. Keel/ Laryngeal stent placement
15L. Cricopharyngeal myotomy
16L. TORS Supraglottic Laryngectomy
17L . Primary TEP
18L. Secondary TEP
19L. Prosthesis change

20L. Direct laryngoscopy
21L. Fiberoptic laryngoscopy
22L Other Major Surgeries
23L. Other Minor Surgeries
ESOPHAGUS
1e. Esophagoscopy – Therapeutic (dilatation, Zenker's diverticulum, Botox injection)
2e. Esophagoscopy- Diagnostic
3e. Laryngopharyngoesophagectomy with gastric transposition
4e .Other Major Surgeries
5e . Other Minor Surgeries
NECK
1n. Supra omohyoid neck dissection
2n Extended supra omohyoid neck dissection
3n Lymph node excisional biopsy
4n. Modified radical neck dissection
5n. Radical neck dissection
6n. Postero lateral neck dissection
7n. Lateral neck dissection
8n .Central neck dissection
9n. Excision of parapharyngeal space tumour (transcervical)
10n .Total thyroidectomy
11n Hemithyroidectomy
12n Tracheal resection + end to end anastomosis
13n Parathyroidectomy
14n Submandibular gland removal
15n Tracheostomy

16n RLN neurorrhaphy
17n Parathyroid reimplantation
18n Other Major Surgeries
19n Other Minor Surgeries
FACIAL PROCEDURES
1F. Parotidectomy (superficial/ adequate)
2F Parotidectomy (Total conservative)
3F Parotidectomy (Radical)
4F Excision of Cutaneous malignancy of the head and neck
5F Maxillectomy (partial)
6F Maxillectomy (Total)
7F Rhinectomy
8F Auriclectomy
9F Orbital exenteration
10F Eyelid removal
11F Canthoplasty
12F Eyelid gold weight implant
13F Other Major Surgeries
14F Other Minor Surgeries
SKULL BASE
1s .Excision of clival tumor
2s . Lateral approach to ITF
3s.Bicoronal approach to anterior skull base
4s. Endoscopic skull base resection
5s. Craniofacial resection

6s. Facial disassembly/ maxillary swing
7s Midfacial degloving operation
8s Cranio-orbital approach
9s Infratemporal fossa-MCF approach
10s Other Major Surgeries
11s Other Minor Surgeries
RECONSTRUCTION
1r. Submental flap
2r. Nasolabial FLAP
3r. Temporalis flap
4r Forehead (paramedian) flap
5r. Lateral forehead flap (STA) flap
6r Pectoralis major myocutaneous flap
7r Deltopectoral flap
8r Thiersch graft
9r Other skin flap
10r Latissimus Dorsi flap
11r Other mucosal flap
12r Wolff graft
13r Radial artery forearm free flap harvest
14r Anterolateral thigh free flap harvest
15r Fibular free flap harvest
16r Flap inset
17r Inset of graft
18r. Other free flap harvest
19r Bone contouring

20r	Microvascular anastomosis
21r	Re-exploration of microvascular flap
22r	Bone graft harvest
23r	Endoscopic skull base repair
24r	Rigid fixation of osteotomy
25r	Other Major Surgeries
26r	Other minor surgeries
